Mr. Muhammad Saleem Tabani a well known philatelist, Ex. President of Stamp Society of Pakistan & Founder member of Philatelic Federation of Pakistan has passed away on 4th February 2010.

Tabani was quiet but forceful man with a ready smile and greeting for all. Those who came into contact with him appreciated him for his human touch and his industrious leadership and helpfulness. He set an example for all those around him.

He was an advanced collector, specialist in Pakistan. He was awarded in many national and international philatelic exhibitions. He was also among prominent philatelists who organized big philatelic shows in Pakistan i.e. Pakphilex 83 at Lahore and Pakphilex 86 at Islamabad. His services for the promotion of philately in the country deserve special mention and commendation.

There are many happy memories for those who knew him both as a friend and as a philatelist and his kindness and solicitude for all around him can be summed up as "A good friend lost". May Allah rest his soul in piece.
